Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Applicant's representative (Mr. Samuels) introduced the proposed amendment to the independent claims by pointing out the differences between the instant invention and the prior art of record (USPN 5,799,310) with particular reference to "creating a unique dedicated directory" within a file system for storing user defined type. Mr. Samuels reiterated that the prior art of record does not teach this limitation. Examiner informed applicant's representative to submit a response to the last Office Action before a decision is made.

### COVER MESSAGE:

### PROPOSED INTERVIEW AGENDA

Dear Examiner Ehichioya, as mentioned yesterday, I would like to discuss the attached proposed claim amendments with you tomorrow during our telephonic interview. These proposed amendments are for SN 10/692,227. I would propose making similar amendments in SN 11/121,882.

In particular, I would like to focus on (1) proposed (now independent) claims 5 and 29 along with their respect new dependent claims 40-42 and 43-45; and (2) proposed (now independent) claims 7 and 31. Essentially, I am proposing to rewrite claims 5, 29 and 7, 31 as independent claims. I look forward to speaking with you tomorrow.
